

# Streets Of London (Ralph Mc Tell)

- C**                                  **G**                                  **Am**                                  **Em**  
1. Have you seen the old man in the closed down market  
**F**                                  **C**                                  **G**                                  **G7**  
Kicking up the papers with his worn out shoes  
**C**                                  **G**                                  **Am**                                  **Em**  
In his eyes you see no pride hands held loosely by his side  
**F**                                  **C**                                  **G** **G7**                                  **C**  
Reading yesterdays papers telling yesterdays news.

## Chorus :

**F**                                  **C**                                  **G** **G7** **Am**  
So how can you tell me you're lonely?  
**D7**                                  **G**                                  **G7**  
And say for you that the sun don't shine.  
**C**                                  **G**  
Let me take you by the hand  
**Am**                                  **Em**  
And lead you through the streets of London  
**F**                                  **C**                                  **G**                                  **G7**                                  **C**  
I'll show you something to make you change your mind.

2. Have you seen the old girl who walks the streets of London?  
Dirt in her hair and her clothes in rags  
She's no time for talking, she just keeps on walking  
Carrying her home in two carrier bags.

## Chorus

3. In the all night cafe at a quarter past eleven  
Same old man sitting there on his own  
Looking at the world over the rim of his teacup  
Each tea lasts an hour then he wanders home alone.

## Chorus

4. Have you seen the old man outside the seaman's mission?  
Memory fading with the medal ribbons that he wears  
In our winter city where the rain cries little pity  
For one forgotten hero and a world that doesn't care.

## Chorus

*Letzte Linie Chorus wiederholen:*

I'll show you something to make you change your mind.
